**Tuesday**  
6 February

# ABOUT SAFER INTERNET DAY

Safer Internet Day will take place on Tuesday, 6th February 2024, with celebrations based around the theme **“Tech in Our World”**: exploring young people’s views on the role of technology in their life, recent changes and tech developments and changes young people want to see.

**Every year thousands of people get involved to promote a safe, better, internet for children and young people.**

Safer Internet Day in Ireland is coordinated by the Irish Safer Internet Centre, a partnership between Webwise, ISPCC, National Parents Council Primary and Hotline.ie, providing a range of complementary online safety services, including an education and awareness centre, child and parent helplines and a hotline. The Centre is coordinated by the Department of Justice and co-funded by the European Union.

**Help us make Safer Internet Day Bigger and Better by showing your support!**
